

Dr. and Mrs. Henry W. A. Hanson Are Unanimously Chosen Honorary "Life Citizens" Of Gettysburg

Dr. and Mrs. Henry W. A. Hanson, for 29 years residents of Gettysburg and active members of the community, since the former assumed the presidency of Gettysburg college in 1923, became honorary life citizens of this historic community Wednesday night.

More than 80 representatives of the business and professional life of the community gathered at a testimonial dinner at the Hotel Gettysburg to honor Dr. and Mrs. Hanson, who will leave Gettysburg to reside in Harrisburg when Dr. Hanson retires as head of the college in June. The motion to select the Hansons as honorary life citizens was presented by N. A. Meligakes, president of the Chamber of Commerce.

Unanimous Action

The action in making them life citizens was official and unanimous, and followed many words of tribute and appreciation to the Hansons from those at the dinner. It followed also assurances from both the Hansons that, in spirit at least, they will never "leave" Gettysburg.

Many Bring Greetings

The dinner was arranged by the Gettysburg Chamber of Commerce and the Retail Merchants association. Henry M. Scharf, manager of the Hotel Gettysburg, was toastmaster. The invocation was given by the Rev. Wallace E. Fisher, pastor of Christ Lutheran church and former history instructor at the college.

Among those who brought greetings from various Gettysburg organizations were Burgess William G. Weaver, representing the citizens of Gettysburg; Charles B. Bender, president of the Retail Merchants association; N. A. Meligakes, president of the Chamber of Commerce; Dr. Bruce N. Wolf, president of the Rotary club; Fred S. Faber, president of the Lions club; E. Donald Scott, president of the Exchange club; Mrs. Henrietta Blocher, representing the Soroptimist club, and Mrs. Elizabeth Hughes, president of the Business and Professional Women's club.

"To give an account of the activities and accomplishments of the Hansons in the course of 29 years would test the ability of a truly great historian," Mr. Scharf said.

"Cordial Relationship"

"Their accomplishments in the field of education; the advancement of Gettysburg college and the church; their service to the country, in war and peace, and in behalf of humanity, is generally too well known to bear repeating here.

"This is a gathering that is completely representative of the business and professional community of Gettysburg, and it best suits this occasion to dwell on the warm and cordial relationship that exists between the town and the college in the 29 years of the Hansons' administration.

"The cordiality that now prevails between the college and the town has not always existed. Twenty-nine years ago there were those on the college faculty who stated their frank belief that merchants overcharged them because they were members of the faculty. Students, to more or less a degree, down-graded the town.

Asset To Town

"On the other hand, there were those among the townspeople who resented the tax-free status of the college and who blamed the college as the principal factor in keeping out industries. Obviously, all parties were wrong in such conceptions. This feeling, of course, was not shared by the majority of the townspeople or the college faculty. Gettysburg college has always been an asset to the community and its existence here during its 120 years has always had a profound effect on the cultural, as well as the economical, growth of the community.

"Through its history a substantial proportion of the student body were young men and women of Gettysburg and of Adams county, many of whom would not have had the benefit of higher education except that it was available to them. This was decidedly mutual, because the local students had the effect of plus patronage for the college.

Cites Early Differences

"Throughout its history, the operation of the institution, the residence of its faculty and students, the constructing and maintaining of its buildings, have had not only a profound stabilizing, but a very progressive effect on the economical life of Gettysburg.

"True, there is within the memory of most of us a day of periodic brawls between the town element and the students when the railroad track became established as a significant boundary line; there was

Brief Notes On Hanson Dinner

Those attending the dinner represented every phase of business and professional life in Gettysburg. It would be impossible to assemble a group more representative of the community.

The gathering was visual evidence that the college and the town are "as one." That they are complementary to each other and that they recognize their mutuality of interest was the theme that was pronounced throughout the program.

The committee that arranged the event consisting of Stover A. "Gus" Small, chairman; Harold Reuning, Jack Caldwell and Richard E. "Dick" Dreas did an outstanding job and came in for the plaudits of everyone.

The Hansons further endeared themselves to Gettysburgians by the sincerity that was obvious in their responses. "Nick" Meligakes motioned that they be declared honorary life citizens brought enthusiasm and spontaneous response.

Gettysburg's equity in Gettysburg college was reflected in the statement that the ability of the college to expand is in direct relationship to the ability and the willingness of the community to expand its facilities economically and civically.

The college has tripled in size since Dr. Hanson assumed the presidency in 1923. The "old grads" (Please Turn to Page 2)

200 ADULTS AID 550 GIRL SCOUTS REPORTS REVEAL

There are now 550 young women enrolled in the Girl Scout troops of Adams county and adult leadership totals more than 200 according to reports presented Wednesday evening at the annual dinner meeting of the Adams County Girl Scout Council at Redeemer Evangelical and Reformed church, Littlestown.

Mrs. Raymond Sheely, president of the county group, in summing up reports presented by various committees evaluating the work of the past year said: "Girl Scouting in Adams county has made remarkable strides forward during the past year. Improvement has been shown in every department because of the dedicated work of innumerable leaders. An example of the widely increased interest shown by adults in Girl Scouting was the fact that 20 women completed the 16 hour leadership training course held last Wednesday, Thursday, Friday and Saturday in the Girl Scout rooms in the First National bank building. They will provide a reservoir of trained leadership which will be of invaluable service during the coming years."

WGCT RETURNS TO AIR TODAY

WGCT returned to the air this morning with reduced wattage after a defective transformer put it out of operation at about 7:15 o'clock Tuesday night.

Edwin Shoop was presenting his nightly sports broadcast when the station ceased functioning without apparent cause. When it was finally determined that a portion of the transformer had failed, the local Metropolitan Edison company provided a line transformer which was installed by 4 o'clock this morning. The station came on the air as usual at 6 a.m. but with a power output of 108 watts.

Manager Murray Goldsborough explained that listeners to the station would experience "fuzzy" reception today because of the lowered wattage and the temporary installation.

A new transformer designed for radio transmission was being flown by General Electric to Harrisburg today and will be brought here for installation tonight. The station expects to return to the air with full wattage and clarity Friday morning.

Plan now to attend The Gettysburg Times annual cooking schools, Gettysburg, May 7, 8, 9 and 10. Littlestown, May 12 and 13. South Mountain Fairgrounds Memorial Auditorium, May 15 and 16.

Littlestown COUNCIL OKAYS NEW POSTOFFICE SITE; GIVES CHIEF RAISE IN SALARY

The Littlestown borough council approved a proposed site for a new postoffice building there, voted the chief of police a \$200 salary increase and set the first week of May as annual Cleanup Week in that borough at the April meeting of council Tuesday evening. The four-hour session was presided over by President Roscoe W. Ritzke.

Councilman Charles M. Brock brought the matter of the proposed site for a new postoffice building before council. He said he understood that the government can purchase from the Pennsylvania railroad a site on South Queen street adjacent to the Towne Theater and recently occupied by the Leo B. Frommyer feed store. He said the postoffice department wanted to know if council would approve that location for the new building.

After brief discussion, council adopted a resolution on motion of Councilman Lewis Fox recommending that the new postoffice building be located on the suggested site, provided it can be secured by the government.

Plan Rubbish Removal

The subject of daylight saving time came up and council decided that if the community as a whole goes on daylight time as heretofore, council will go along as in the past.

Chief of Police Albert H. Miller, Jr., asked council for an increase over his present \$2,400 annual salary. He said that in view of the hours worked he felt that the present rate of about \$46 a week was "extremely low and not in line with policemen's pay in similar communities." Council voted a \$200 increase with the provision that should the chief's work continue to be satisfactory for the remainder of the year, council (Please Turn to Page 3)

Orchards And Battlefield Blooms Soon To Be At Peak

Adams county and the Gettysburg National Military park should be the mecca for thousands of visitors over the approaching week-end unless colder weather holds back the buds of fruit trees and the Judas, or redbud, and dogwood trees.

Officials at the Arendtsville Fruit laboratory said today that most peach orchards are in full bloom at the present time. The blossoms should remain over the week-end.

A few Grimes Golden apple trees are coming into bloom, but the bulk of the apple orchards probably will not reach full blossom time until later.

Sour cherry trees in a number of orchards have reached about 50 per cent of full blossom stage, while in other orchards the buds are only 25 per cent out. Warm weather will facilitate their blooming.

Park officials said the redbud trees are almost out at the present time, and unless held back by cold

Secret Truce Talks Recessed Twice; Hint New Development In Exchange Of Prisoner Plan

Seoul, Korea, April 24 (P) — Nine Reds were killed in the biggest fight reported today on the Korean battlefield.

Warm sunny weather brought a burst of blossoms along the quiet front. Korea's purple friendship flower, the chundallay, vied with the yellow forsythia.

Most troops took it easy. But some had to battle occasional light Communist patrols of probing attacks.

Warplanes worked over Red front line positions today in pinpoint attacks, some within 500 feet of U.N. outposts. The army reported Allied air raiders knocked out eight Red tanks near Pyongyang, North Korean capital.

Allies Not Challenged

Allied planes were not challenged by Communist jets either today or yesterday.

Air force, navy and marine planes ganged up on Communist rail lines Wednesday. They reported cutting tracks at 299 points.

The Far East Air Forces said its planes flew 1,045 sorties and accounted for 196 of the rail cuts. It described damage done to North Korea railways as "terrific."

Okinawa-based B-29 Superforts blasted marshalling yards and front-line troops and supply concentrations.

Although the ground front was quiet, U. S. warships continued their bombardment of Red coastal positions in eastern Korea.

Veteran's Son Here For Eighth Visit

Warren Fry, 79, of Philadelphia, today made his eighth or ninth visit to Gettysburg to visit the spot where his father fought on July 2, 1863.

Touring the section with Ben Sweigart, York, secretary to Congressman James P. Lund, Mr. Fry said his father, who was Pvt. Washington Fry of the Army of the Potomac during the Civil War years, often expressed the view that "he was lucky not to be with the troops that repulsed Pickett's charge." As one of the troops defending Little Round Top, Washington Fry told his son he had a "perfect view" of the developing battle that led to the defeat of Pickett's men at the High Water mark.

Fry said his father often remarked that the most difficult feat of his entire four years with the Army of the Potomac was the march from near Baltimore to Gettysburg. The forced march, he said, found the troops almost worn-out by the time they entered the battle on the afternoon of July 2.

Damage to the Breckenridge car was estimated at \$50 and to Carter's car at \$150.

BULLETINS

Washington, April 24 (P)—President Truman said today he once forced Premier Stalin to move out of Iran by sending him an ultimatum.

The President also told a news conference that there was a time when Yugoslavia decided to take Trieste, but that he ordered the Mediterranean fleet into that area and there was no march on Trieste.

Truman spoke of these incidents in discussing his powers generally and specifically his seizure of the steel industry. He said the President has very great inherent powers to meet emergencies developing that require action.

Kansas City, April 24 (P)—Kansas City can take it this time.

That was the word from army engineers today as the wild Missouri river neared its crest here. They said their experienced flood fighters were ready to handle any emergency.

The note of optimism came from Col. L. J. Lincoln as a crest of around 31 feet bore down on the Kansas City, Kas., and Kansas City, Mo., areas. That level—expected late today—is some ten feet less than the dikes were built to stand.

Berlin, April 24 (P)—Young Communists, estimated at upwards of 10,000 strong, massed tonight on the East-West border of downtown Berlin for what appeared to be a gigantic propaganda march on West Berlin.

Dominated by blue-shirted "Free German Youth" the crowds were being assembled toward the end of the work day at strategic border points for what looked like a twilight march into the American, British and French sectors.

Trenton, N. J., April 24 (P)—Frank Hague today was ousted from his post as a Democratic party national committeeman and replaced by Archibald S. Alexander.

The New Jersey State Democratic committee nominated Alexander and former Congresswoman Mary T. Norton of Jersey City to be national committee members.

Brief Notes On Hanson Dinner

(Continued from Page 1)

among local business and professional people readily admitted that the scholastic requirements were greatly elevated by Dr. Hanson although none would estimate how much. They were content to say after 1923 it "took more" to stay in college.

The miniature edition of The Gettysburg Times, prepared especially for the party, recalled many instances to the Hansons that they had forgotten about. The stories were taken from the files of the Times but it would have taken many, many more pages to refer to all their activities during the past 29 years.

The party was one of the most stimulating local activities ever undertaken. Obviously it gave expression to the very warm feeling that the town holds for the college and vice versa.

The attractive program-menus will be treasured as souvenirs of a grand occasion. It was entitled "Gettysburg's Testimonial" in appreciation of "Twenty-nine years of their (the Hansons') warm friendship, unflinching collaboration and high accomplishments."

A number of people were obviously blinking back tears when they said farewell to Dr. and Mrs. Hanson Wednesday evening. Personal messages of farewell and regret at the departure of Dr. and Mrs. Hanson were given individually by those attending the dinner as they filed past the college president and his wife after the program had ended.

PELLER AND CAIN LOSS 1-HITTERS BUT BROWNS WIN

By JOE REICHLER
Associated Press Sports Writer
What goes with those revitalized, jumpy St. Louis Browns?
One night they "Byrne" up the Cleveland Indians' seven-game winning streak and the next they raise Cain with the Tribe, showing them out of first place and taking over the American league's top rung themselves.

Following one the heels of the lendid eight-hitter by Tommy Feller Tuesday, Bob Cain unfurled one-hit masterpiece last night as he pitched the rampaging Browns to first place with a brilliant 1-0 jump over the Indians' great Feller.

Best Ever For Cain
Cain had to pitch the best game of his life in order to win for Feller is magnificent, too, pitching a no-hitter himself. The lone home safety, a triple by leadoff hitter Bobby Young, proved Feller's doing.

Marty Marion followed with a rounder to Al Rosen. When the third baseman fumbled the ball, Young scored the only run of the game. The tally was ruled earned because the official scorer was of the opinion that Young would have scored the plate fumble or no. The only hit permitted by Cain was a harmless single by Luke Easter in the fifth inning. The 27-year-old left-hander from Salina, Kas., walked three but was aided by three double plays. He struck out seven.

First In 46 Years
It was the second time in major league history that each pitcher nited the opposition to one hit. On July 4, 1906, Mordecai (three-legged) Brown of Chicago and Lefty Leifield of Pittsburgh permitted only one hit each as the Cubs defeated the Pirates, 1-0. The former American league record for the fewest hits by both teams in one game was three set by Detroit (2) and Washington (1), June 1913, and equally by Washington (1) and Cleveland (1) July 27, 1915.

It was the first no-hitter by Cain since the 11th for Feller and the only no-hitter he ever lost. Ironically, Cain was Feller's victim when Bob Feller hit his third no-hitter last year. The Cleveland right-hander defeated Cain and Detroit last July 2-1, holding the Tigers hitless in allowed six hits.

Sox Beat Yankees
Boston's youth-infested Red Sox, behind the five-hit pitching of 37-year-old Ellis Kinder, defeated the New York Yankees, 3-1.
The New York Giants outslugged the Boston Braves, 9-5, in the only national league game. Home runs by Alvin Dark, Don Mueller, and Eusebio Estrum and relief pitcher Hoyt Hilt featured the giant victory. Scheduled games between the St. Louis Cardinals and Cincinnati, Brooklyn and Philadelphia, Detroit and Chicago and Washington and Philadelphia Athletics were postponed because of rain. Pittsburgh and Chicago's Cubs were idle.

DECISION BOOED IN SMITH FIGHT

Washington, April 24 (AP) — Gene Smith, a hot article in the featherweight ranks, still is unbeaten, but he was racked up his 31st victory last night by the narrow margin of a point—exactly one point.
The 20-year-old Smith, rated fifth among the world's featherweights by the National Boxing Association, went into the ring a 4 to 1 favorite over Chavez of Hollywood.
After ten fast, televised rounds, it was how he came out of it: Judge Charley Buck thought Smith won by 95 points to 92. Referee Harry Volkman pointed to Chavez, 97 to 90. Judge Harry Aldrich kept Smith's record safe but gave 97 to 96.

Many of the customers booed the decision, and there were yelps that Smith, a Washington boy, was the beneficiary of Washington officiating. But it was a tough one to call. There were no knockdowns, and in no round did either fighter slip much of an advantage.
Smith had to work under one tremendous handicap. In the third round Chavez belted him one under the left eye. It swelled so rapidly that it looked as if Smith literally couldn't see the finish. And since Chavez diligently applied himself to sing it altogether, the eye was a sorry shape indeed by the time the bout ended.
In general, Smith punched hard, but Chavez had the best of it. The in-fighting.

Yesterday's Stars

(By The Associated Press)
Batting—Jimmie Piersall, Red Sox. Hammered two doubles to lead Boston Red Sox to a 3-1 victory over New York Yankees.
Pitching — Bob Cain, Browns — pitched a one-hitter as the St. Louis Browns shut out Cleveland 1-0 and Feller, who also turned in a no-hitter, the 11th of his career.

Many ancient peoples had bathtubs in some of which the bathing facilities apparently were as adequate as those in modern buildings.

Sports Roundup

By GAYLE TALBOT
New York, April 24 (AP)—Almost the best bet in the sports book for the coming year is that the nation's tennis leaders will ask Walter (Cap) Pale, the Wall Street lawyer, to please give up his bridge for a couple of months and lead our somewhat shattered Davis Cup forces against the Australians.

The next best bet, we are in position to disclose, is that the lively little barrister, though now over 70 and out of harness since he captained the victorious American team at Melbourne in 1946, will consent to give it another whirl if he is asked just right. Reason we know is we asked him.

A Fierce Job
First answer he got was: "No, I just couldn't do it again. It's too far, and the strain laid me up for a week after the last one."

There followed a considerable conversation about the problems facing the cup committee, including the selection of a captain. The "Cap" conceded they were fierce. We then asked him, gloomily, if he would be willing to go to Adelaide next winter as second in command, a sort of captain emeritus, to give our leader the benefit of his experience.

"Absolutely not," Pale snapped. "If I go I'll have to be in complete command and I'll insist that we get over there at least six weeks before the challenge round so we are thoroughly acclimated. I wouldn't go under any other conditions. We had a lot of fun the other time, didn't we?"

He'll Come Close
In other words, the canny old strategist who brought the big cup back from Britain in 1937—with a bit of help from Don Budge—and who repeated nine years later at Melbourne is not going to seek the job, but he will be reluctantly available when they insist it is his duty.

We'll now tell you why the tennis dudes must come back to Pale. The first reason is that he represents success. The second, and most important, is that they tried youth last year in the person of Frank Shields and everyone wound up unhappy. Frank has said he wouldn't captain another cup team to Australia or anywhere else if they paid him, which heaven forbid.
So the choice will come back to Pale, and he will have a grand time seeing old friends down under. He won't bring the cup back this time, but he will come as close as any other captain they might elect.

Interstate
(By The Associated Press)
Rain and cold weather cut in half the scheduled opening day program of the Class B Interstate Baseball league but failed to prevent the circuit's 1951 pennant winner and leading pitcher from picking up where they left off last summer.

After receiving the league flag from President Gerald Nugent last night, the Hagerstown Braves went on to lick Allentown, 5-3, behind Andy Bush, Salisbury, last in 1951, downed the Harrisburg Senators, 5-2, before an overcast crowd as the league's two Maryland entries opened at home.
The other contests, Lancaster at York and Sunbury at Wilmington, were postponed by rain.
Bush, the Interstate's top hurler last year with a 22-3 record, scattered 13 hits while striking out four and walking one to register the Hagerstown win. Three runs on a pair of walks and two singles in the fifth inning enabled the Braves to take an 4-3 lead which they were able to hold.
Righthander Maurice Fisher went the distance for the Salisbury victory. He allowed seven hits—a triple in the eighth by Harrisburg third sacker Pete Tumminelli being the only extra base blow.

Eastern Loop

(By The Associated Press)
Reading was celebrating a triumphant return to the Eastern league after clubowners were brooding today over the damp, chilly weather that played hob with opening night attendance.
A crowd of 4,200 sat through a drizzle at Reading's new 8,000-seat stadium last night and watched their Indians trip Scranton, 5-4, in the inaugural.
As Schenectady, only 1,065 saw the Blue Jays drop their opener to the Binghamton Triplets, 3-2, in 11 innings. At Hartford, a skanky 1,010 watched the Chiefs bow to the Albany Senators, 6-4, in ten innings. Rain washed out the fourth scheduled opener, Elmira at Williamsport.

MORE 2-MINUTE PACERS IN 1952

Columbus, O., April 24 (AP)—More mile pacers with records of two minutes or faster will race in 1952 than ever before in the history of harness racing.
A survey of racing certificate requests filed with the U. S. Trotting association shows 32 two-minute stars are expected to face starting gates from Maine to California.
In 1951, the 11,187 horses that went to the post, only 18 ran a mile in less than two minutes. This year's racing brigade will make its bid this Saturday at Santa Anita. A dozen or more are entered in the \$10,000-added San Diego Pace.
The season will continue until mid-November.
Among two-minute stars to race this year will be the sport's fastest pacer, the highest priced harness horses ever sold at auction and at least five other world record holders.
Hanover Shoe Farms, Hanover, Pa., owns the joint world champion three-year-old pacers Tar Heel and Solicitor. Tar Heel cost the Pennsylvania stable \$125,000 at auction last November and Solicitor went for \$100,000. Both turned in identical time trial miles of 1:57 2/5 last season.
Other world champions among the 32 "miracle mile" performers to perform this year will be stallions Dudley Hanover and Ferman Hanover, gelding Prince Jay and mares Highland Ellen and Tassel Hanover.

IMPEACHMENT MUCH EASIER SAID THAN DONE

By JAMES MARLOW
Washington, April 24 (AP)—When President Truman threw fuel on the political fire by seizing the steel industry, the heat was so intense you could have predicted there'd be cries for his impeachment.
Sen. Taft suggested it pretty promptly. But impeachment must start in the House, not in the Senate. So this week two House Republicans—Hale of Maine and Bender of Ohio—proposed it.
That's as far as the suggestion is expected to get. Besides, it's the kind of move which in an election year might backfire on the Republicans by creating sympathy for the President. With this in mind, some Republicans said late yesterday: "We don't want to make a martyr of the President."

Easier Said Than Done
Anyway, impeachment is easier said than done. The only time Congress tried it on a president—Andrew Johnson, in 1868—the trial lasted three months. Johnson escaped by one vote and lived out the rest of his term peacefully.
The constitution says the "president, vice president, and all civil officers of the United States shall be removed from office on impeachment for and conviction of treason, bribery, or other high crimes and misdemeanors."
This is the way it goes. The proposal is made in the House. If the House approves—a simple majority vote—the Senate is notified. Then the House appoints a committee of managers (prosecutors) to present the case.
Senate Sits As Jury
The Senate sits as a jury to hear the evidence. When a president is on trial—because the vice president might have an interest in the outcome—the chief justice of the U. S. presides.
But since such a trial drags on, it's hard to keep the senators glued to their chairs. They get up, wander around, duck in and out, thus missing a lot of the testimony.
Having missed testimony, some of them are reluctant to vote when it comes time for the Senate to decide guilty or not guilty. And the president is acquitted unless two-thirds of the senators vote against him.

Recall Johnson Case
Andrew Johnson, a Democrat who was elected vice president on Lincoln's Republican ticket in 1864, succeeded to the presidency when Lincoln was assassinated the following year.
Johnson shared Lincoln's moderate views on reconstructing the south after the war. But he had to deal with a Republican Congress which wanted much harsher treatment for the ex-Confederates.
He became so troublesome to the Republicans that in 1867 they passed the tenure of office act. This was to prohibit him from firing—unless the Senate approved—any of the people the president had appointed to government jobs.
He wanted to fire his secretary of war, Edwin M. Stanton, who had been playing cozy with Johnson's enemies. Besides, Johnson thought it would be a good way to test the tenure of office act.
Most Acquitted
He thought he'd fire Stanton and the case would go to the Supreme Court for a decision on whether the tenure of office was an encroachment on presidential authority and therefore unconstitutional. So he bounced his secretary of war.
But the House Republicans crossed him up by starting impeachment proceedings against him. After his acquittal, Congress repealed the tenure of office act.
Altogether impeachment proceedings have been started in Congress against 12 people. Besides Johnson, they were a senator, a secretary of war, and nine judges. Most were acquitted.

Dr. Hanson
(Continued from Page 1)
a time when there was a decidedly college and non-college element in the community, and, presumably, it would be safe to say that there was a town and non-town element on the campus.
"That such feelings existed at any time appear now as incredible, for it was shortsighted on the part of whoever engaged in it and completely superficial under any close inspection. The problem—if it was a problem—was dissolved by a bigness of viewpoint and a bigness of spirit, in the manner in which superficial questions are always dissolved. The Hansons made themselves unquestionably a part of the community. We still remember the reception accorded Dr. Hanson at a meeting held in the fire engine house shortly after his arrival here. He affiliated himself with the Chamber of Commerce, the Rotary club, and he and Mrs. Hanson identified themselves with all local worthwhile activities. Dr. Hanson became the official greeter of Gettysburg, and on numerous occasions, took time from his busy schedule to receive visiting dignitaries, or to address a trade body or a fraternal organization holding a convention in Gettysburg.
Coincided New Slogan
He served several years as president of the Gettysburg Chamber of Commerce, and during his incumbency was the author of the slogan that was advertised to the four corners of the world—"Gettysburg, the heart of the New America."
"His willingness to serve as president of the Chamber of Commerce reflects, probably better than anything else, the willingness of the Hansons to serve the community whenever they were called upon and in whatever capacity they could.
"Certainly, there were no selfish motives in his accepting the Chamber of Commerce presidency. There could be no other motive than the ever-present desire to do whatever he could for the benefit of the community.
"This was the type spirit that brought the town and the college together where today they are, as one. The college now is a flourishing Gettysburg industry worth about \$2,000,000 a year to the community. The college has expanded threefold in the course of the Hanson administration, but this could not have been accomplished had the college and the community maintained an arm's-length relationship. The college could only grow in direct relationship to the willingness and ability of Gettysburg to expand its facilities, economically, civically and otherwise. Gettysburg has not failed the college and the college has not failed Gettysburg!"
Presented With Clock
"Tonight, then, in our testimonial to Dr. and Mrs. Hanson, we likewise pay tribute to the town and the college, and to their recognition of mutual interests. In doing this, we express our appreciation of the greatness of a leader who was able, by his own example, to set at rest the pettiness that occasionally manifested itself on both sides in the days gone by."
In presenting a Seth Thomas clock to the Hansons as a token from those at the dinner of the regard in which they hold both Dr. and Mrs. Hanson, Mr. Scharf said: "We don't want you to leave Gettysburg without something that will be a perpetual reminder of the affection we hold for you."
A plate inside the clock bore the words: "Presented to Dr. and Mrs. Henry W. A. Hanson, our friends and neighbors, by the professional and business interests of Gettysburg."

Don't Say Goodbye
Mrs. Hanson accepted the gift with these words:
"I thank you from the bottom of my heart for this token of your love and affection. At it ticks away in the years to come, it will say to us, 'Gettysburg—Gettysburg—They loved you.'"
"I love Gettysburg," Mrs. Hanson continued. "It has always been so good to us. It has been my husband, however, who has the great light. I shine only in reflected glory."
"You know that I will never say goodbye to Gettysburg. It was destined that I was to be one to you," Mrs. Hanson recalled that her mother's brother took part in Pickett's charge at the Battle of Gettysburg.
"Before long we will have a rendezvous with old age and when our time comes to enter Heaven I will be glad, because I have had so much heaven here on earth."
Leaves Closing Prayer
In closing, Mrs. Hanson left this prayer with her listeners: "Lord, give me sympathy and sense; help me to keep my courage high. Lord, give me calm and confidence, and please, a twinkle in my eye."
Addressing the dinner guests as "my neighbors," Dr. Hanson said: "No words can adequately express my feelings on this occasion. I've lived with you people and walked with you people. We live in the greatest community in the world.
"Between the college and the town we have something we should do for ourselves. We should go to the limit of our kindness for the millions that come here. They carry back impressions of Gettysburg to the ends of the earth. What we do for them they will write in capital letters.
"We as citizens of Gettysburg, have a great opportunity not only to cherish the past, but to have a part in the development of our future. Our greatest task is the

Dr. Hanson (Continued from Page 1)

development of character among our boys and girls. Character is the greatest need of America today.
Never "Leave" Town
"In speaking of the college, it is your college and it's my college. The boys and girls find on the campus the one side, and in your hospitality the other side.
"We will never 'leave' Gettysburg. There are many ties that bind us to this community. Whatever may lie ahead, I face with a happy heart, and when my time comes, I shall sleep on the hill on the Baltimore road."
The dinner was marked by many reminiscences, humorous and otherwise, by the Hansons, the toastmaster and the representatives of various organizations introduced.
Burgess Weaver recalled that Dr. Hanson, while a student at the seminary here in 1902, trundled him on his knee. Mr. Meligakes, who entered business in Gettysburg in a small shop where the Sayerland, now stands, recalled Dr. Hanson as the "most democratic man in Gettysburg." Mr. Scharf told of his entrance at the college and the raising of scholastic standards after Dr. Hanson took over the presidency.
Sing Auld Lang Syne
"We said that Dr. Hanson would not last long," Mr. Scharf said. Dr. Wolff, in brief remarks, recalled that "It struck me that I was the one who wasn't going to be in college very long, and he was," after

Golfers Lose As
Rain Stops Others
Rain interrupted the sports program of local and county athletic teams Wednesday afternoon.
The Gettysburg college golf team suffered its third successive setback when it lost 8-1 to Franklin and Marshall at Lancaster.
The Bullet-Johns Hopkins tennis match at Baltimore was stopped by rain shortly after it got underway. York Springs high and Newville postponed their county league baseball game for the second time, the game being listed for Monday at Newville.
Rain also washed out the Mt. St. Mary's-Towson baseball game at Emmitsburg.
The Hansons "took over."
Members of the committee which arranged the testimonial dinner were introduced. They were Stover A. Small, chairman; Richard E. Dreas, Harold Reuning and John Caldwell.
The gathering closed with the singing of "Auld Lang Syne," led by Dr. Robert Rau, secretary to President Hanson.
A miniature Gettysburg College edition of The Gettysburg Times, edited by the news staff of The Times, was presented to each guest.

PELLER AND CAIN LOSS 1-HITTERS BUT BROWNS WIN

By JOE REICHLER
Associated Press Sports Writer

What goes with those revitalized, jumpy St. Louis Browns?

One night they "Byrne" up the Cleveland Indians' seven-game winning streak and the next they raise Cain with the Tribe, showing them out of first place and taking over the American league's top rung themselves.

Following one of the heels of the lendid eight-hitter by Tommy Byrne Tuesday, Bob Cain unfurled one-hit masterpiece last night as he pitched the rampaging Browns to first place with a brilliant 1-0 triumph over the Indians' great Feller.

Best Ever For Cain
Cain had to pitch the best game of his life in order to win for Feller as magnificent, too, pitching a one-hitter himself. The lone home run safety, a triple by leadoff hitter Bobby Young, proved Feller's doing.

Marty Marion followed with a double to Al Rosen. When the lead baseman fumbled the ball, Young scored the only run of the game. The tally was ruled earned by the official scorer as the union that Young would have tossed the plate fumble or no.

The only hit permitted by Cain was a harmless single by Luke Easter in the fifth inning. The 27-year-old left-hander from Salina, Kas., walked three but was aided three double plays. He struck out ten.

First In 46 Years
It was the second time in major league history that each pitcher defeated the opposition to one hit. On July 4, 1906, Mordecai (three-egg) Brown of Chicago and Lefty Leifield of Pittsburgh permitted only one hit each as the Cubs defeated the Pirates, 1-0.

The former American league record for the fewest hits by both teams in one game was three set by Detroit (2) and Washington (1), June 1913, and equally by Washington (1) and Cleveland (1) July 27, 1915.

It was the first one-hitter by Cain at the 11th for Feller and the only one-hitter he ever lost. Ironically, Cain was Feller's victim when Bob Feller hit his third no-hitter last year. The Cleveland right-hander felled Cain and Detroit last July 2-1, holding the Tigers hitless in all five hits.

Sox Beat Yankees
Boston's youth-infested Red Sox, behind the five-hit pitching of 37-year-old Ellis Kinder, defeated the New York Yankees, 3-1.

The New York Giants outslugged the Boston Braves, 9-5, in the only national league game. Home runs by Alvin Dark, Don Mueller, Wes Strum and relief pitcher Hoyt Wilhelm featured the giant victory.

Scheduled games between the St. Louis Cardinals and Cincinnati, Brooklyn and Philadelphia, Detroit and Chicago and Washington and Philadelphia Athletics were postponed because of rain. Pittsburgh and Chicago's Cubs were idle.

DECISION BOOED IN SMITH FIGHT

Washington, April 24 (AP)—Gene Smith, a hot article in the featherweight ranks, still is unbeaten, but he racked up his 31st victory last night by the narrowest margin possible—exactly one point.

The 20-year-old Smith, rated fifth among the world's featherweights by the National Boxing Association, went into the ring a 4 to 1 favorite over Chavez of Hollywood.

After ten fast televised rounds, he's how he came out of it: Judge Charles Buck thought Smith won by 95 points to 92. Referee Harry Volkman pointed to Chavez, 97 to 90. Judge Harry Elms kept Smith's record safe but aky, 97 to 96.

Many of the customers booed the decision, and there were yelps that Smith, a Washington boy, was the beneficiary of Washington officiating. But it was a tough one to call. There were no knockdowns, and in no round did either fighter win much of an advantage.

Smith had to work under one tremendous handicap. In the third round Chavez belted him one under the left eye. It swelled so rapidly that it looked as if Smith literally didn't see the finish. And since Chavez diligently applied himself to sing it altogether, the eye was sorry shape indeed by the time the bout ended.

In general, Smith punched hard—but Chavez had the best of it in the in-fighting.

Atting—Jimmie Piersall, Red Sox hammered two doubles to lead out Red Sox to a 3-1 victory over New York Yankees.

At Chicago—Bob Cain, Browns—threw a one-hitter as the St. Louis Browns shut out Cleveland 1-0 and Feller, who also turned in a one-hitter, the 11th of his career.

Sports Roundup

By GAYLE TALBOT

New York, April 24 (AP)—Almost the best bet in the sports book for the coming year is that the nation's tennis leaders will ask Walter (Cap) Pate, the Wall Street lawyer, to please give up his bridge for a couple of months and lead our somewhat shattered Davis Cup forces against the Australians.

The next best bet, we are in position to disclose, is that the lively little barrister, though now over 70 and out of harness since he captained the victorious American team at Melbourne in 1946, will consent to give it another whirl if he is asked just right. Reason we know is we asked him.

A Fierce Job
First answer we got was: "No, I just couldn't do it again. It's too far, and the strain laid me up for a week after the last one."

There followed a considerable conversation about the problems facing the cup committee, including the selection of a captain. The "Cap" conceded they were fierce. We then asked him, gloomily, if he would be willing to go to Adelaide next winter as second in command, a sort of captain emeritus, to give our leader the benefit of his experience.

"Absolutely not," Pate snapped. "If I go I'll have to be in complete command and I'll insist that we get over there at least six weeks before the challenge round so we are thoroughly acclimated. I wouldn't go under any other conditions. We had a lot of fun the other time, didn't we?"

He'll Come Close

In other words, the canny old strategist who brought the big cup back from Britain in 1937—with a bit of help from Don Budge—and who repeated nine years later at Melbourne is not going to seek the job, but he will be reluctantly available when they insist it is his duty.

We'll now tell you why the tennis dudes must come back to Pate. The first reason is that he represents success. The second, and most important, is that they tried their last year in the person of Frank Shields and everyone wound up unhappy. Frank has said he wouldn't captain another cup team to Australia or anywhere else if they paid him, which heaven forbid.

So the choice will come back to Pate, and he will have a grand time seeing old friends down under. He won't bring the cup back this time, but he will come as close as any other captain they might elect.

MORE 2-MINUTE PACERS IN 1952

Columbus, O., April 24 (AP)—More mile pacers with records of two minutes or faster will race in 1952 than ever before in the history of harness racing.

A survey of racing certificate requests filed with the U. S. Trotting association shows 32 two-minute stars are expected to face starting gates from Maine to California.

In 1951, the 11,187 horses that went to the post, only 18 ran a mile in less than two minutes. This year's pacing brigade will make its bid this Saturday at Santa Anita. A dozen or more are entered in the \$10,000-added San Diego Pace.

The season will continue until mid-November.

Among two-minute stars to race this year will be the sport's fastest pacer, the highest priced harness horses ever sold at auction and at least five other world record holders.

Hanover Shoe Farms, Hanover, Pa., owns the joint world champion three-year-old pacers Tar Heel and Solicitor. Tar Heel cost the Pennsylvania stable \$125,000 at auction last November and Solicitor went for \$100,000. Both turned in identical time trial miles of 1:57 2/5 last season.

Other world champions among the 32 "miracle mile" performers to perform this year will be stallions Dudley Hanover and Ferman Hanover, gelding Prince Jay and mares Highland Ellen and Tassel Hanover.

The councilmen approved payment of \$240 to Rife, Inc., builder of North and South Queen streets, as the final settlement with that firm for street repairs made necessary by ditches and other special cases.

Permits Issued
Parking difficulties on some town streets were reported by the chief of police and council authorized its solicitor to draft an amendment to the borough parking ordinance prohibiting parking on the east side of Maple avenue and the south side of Locust street.

Water permits were issued to Edwin L. Elmer, Jr., Chas E Brown, Chas. A. Hefer, Mrs. Ellen M. Crouse, George W. Strevig, Alma M. Shriner, (two permits), and Frank E. Stone-sifer.

Building permits were issued to the following: Edward W. Jacoby, Claude G. Ridinger, Courtney Krebs, H. J. Motter, Charles W. Keller to move a one-story building formerly occupied by the Frommeyer feed store; Chas. A. Hefer; to construct a new dwelling for Mr. and Mrs. Edwin Elder on Rita Marie avenue; Howard M. Dutler and J. Frank Keith.

Chief Gives Report
The borough secretary, Roger Keefer, told council the emergency lighting system authorized for installation at the Alpha fire company building has been completed and state inspection and approval are being awaited. Council ordered that a 30-day notice be sent to Harrison F. Snyder to construct a curb at his property on Prince street before street work begins there.

Chief Miller reported 30 parking tickets issued from March 15 to April 15, five arrests for driving too fast for conditions, three for reckless driving, seven for red lights and blinkers and three other arrests for stop signs, starting, stopping and turning and failing to yield the right of way. Five accidents were reported, eight payrolls escorted and \$427 collected from the meters.

O.K. MAN'S RELEASE
The Adams county commissioners Wednesday approved the parole of Eugene Shaffer, Five Points, under a pauper act. Shaffer had been held in jail for non-payment of costs. Court approval was given to the release Monday, but under the pauper act approval must also be given by the county commissioners.

CODE VIOLATOR
Sloan Hott, Gettysburg, forfeited \$10 in Frederick Wednesday on a charge of exceeding 30 miles per hour.

Interstate

(By The Associated Press)

Rain and cold weather cut in half the scheduled opening day program of the Class B Interstate Baseball league but failed to prevent the circuit's 1951 pennant winner and leading pitcher from picking up where they left off last summer.

After receiving the league flag from President Gerald Nugent last night, the Hagerstown Braves went on to lick Allentown, 5-3, behind Andy Bush, Salisbury, last in 1951, downed the Harrisburg Senators, 5-2, before an overcast crowd as the league's two Maryland entries opened at home.

The other contests, Lancaster at York and Sunbury at Wilmington, were postponed by rain.

Bush, the Interstate's top hurler last year with a 22-3 record, scattered 13 hits while striking out four and walking one to register the Hagerstown win. Three runs on a pair of walks and two singles in the fifth inning enabled the Braves to take an 4-3 lead which they were able to hold.

Righthander Maurice Fisher went the distance for the Salisbury victory. He allowed seven hits—a triple in the eighth by Harrisburg third sacker Pete Tuminelli being the only extra base blow.

Eastern Loop

(By The Associated Press)

Reading was celebrating a triumphant return to the Eastern league after other clubowners were brooding today over the damp, chilly weather that played hob with opening night attendance.

A crowd of 4,200 sat through a drizzle at Reading's new 8,000-seat stadium last night and watched their Indians trip Scranton, 5-4, in the inaugural.

As Schenectady, only 1,065 saw the Blue Jays drop their opener to the Binghamton Triplets, 3-2, in 11 innings. At Hartford, a skimpy 1,010 watched the Chiefs bow to the Albany Senators, 6-4, in ten innings.

Rain washed out the fourth scheduled opener, Elmira at Williamsport.

Council accepted a \$65 oral bid from John N. Sell for rubbish removal during the borough cleanup week, the first week in May. Residents are being asked to cooperate by placing rubbish in cartons, boxes or barrels in alleys or at their curb not later than May 7 so that it may be collected.

After receiving a complaint that a bulldozer owned by William V. Sneringer and Sons had gone through town Tuesday afternoon and caused street damage, Clement Sneringer was called before council, apologized for the damage and offered to restore the street.

To Build Streets
The street committee was instructed to have the street commissioner erect stop signs at Keystone street, new school signs on Maple avenue and South Queen street and paint the light standards at Center square and paint curbs on Newark, Charles and Prince streets. Street repairs and patching are to continue as weather permits.

Council authorized borough authorities to draft specifications for the construction of James avenue and Prince street and advertise for bids for furnishing road building equipment for the projects.

IMPEACHMENT MUCH EASIER SAID THAN DONE

By JAMES MARLOW

Washington, April 24 (AP)—When President Truman threw fuel on the political fire by seizing the steel industry, the heat was so intense you could have predicted there'd be cries for his impeachment.

Sen. Taft suggested it pretty promptly. But impeachment must start in the House, not in the Senate. So this week two House Republicans—Hale of Maine and Bender of Ohio—proposed it.

That's as far as the suggestion is expected to get. Besides, it's the kind of move which in an election year might backfire on the Republicans by creating sympathy for the President. With this in mind, some Republicans said late yesterday: "We don't want to make a martyr of the President."

Easier Said Than Done
Anyway, impeachment is easier said than done. The only time Congress tried it on a president—Andrew Johnson, in 1868—the trial lasted three months. Johnson escaped by one vote and lived out the rest of his term peacefully.

The constitution says the "president, vice president, and all civil officers of the United States shall be removed from office on impeachment for and conviction of treason, bribery, or other high crimes and misdemeanors."

This is the way it goes. The proposal is made in the House. If the House approves—a simple majority vote—the Senate is notified. Then the House appoints a committee of managers (prosecutors) to present the case.

Senate Sits As Jury
The Senate sits as a jury to hear the evidence. When a president is on trial—because the vice president might have an interest in the outcome—the chief justice of the U. S. presides.

But since such a trial drags on, it's hard to keep the senators glued to their chairs. They get up, wander around, duck in and out, thus missing a lot of the testimony.

Having missed testimony, some of them are reluctant to vote when it comes time for the Senate to decide guilty or not guilty. And the president is acquitted unless two-thirds of the senators vote against him.

Recall Johnson Case
Andrew Johnson, a Democrat who was elected vice president on Lincoln's Republican ticket in 1864, succeeded to the presidency when Lincoln was assassinated the following year.

Johnson shared Lincoln's moderate views on reconstructing the south after the war. But he had to deal with a Republican Congress which wanted much harsher treatment for the ex-Confederates.

He became so troublesome to the Republicans that in 1867 they passed the tenure of office act. This was to prohibit him from firing—unless the Senate approved—any of the people the president had appointed to government jobs.

He wanted to fire his secretary of war, Edwin M. Stanton, who had been playing cozy with Johnson's enemies. Besides, Johnson thought it would be a good way to test the tenure of office act.

Most Acquired
He thought he'd fire Stanton and the case would go to the Supreme Court for a decision on whether the tenure of office was an encroachment on presidential authority and therefore unconstitutional. So he bounced his secretary of war.

But the House Republicans crossed him up by starting impeachment proceedings against him. After his acquittal, Congress repealed the tenure of office act.

Altogether impeachment proceedings have been started in Congress against 12 people. Besides Johnson, they were a senator, a secretary of war, and nine judges. Most were acquitted.

ANNUAL MUSIC

be sung by Celene Pfaff, Joan Bushey, and Raymond Smith.

To Wear Summer Whites
The band, girls' glee club and boys' glee club will combine in such popular numbers as "Tribute To Romberg" and "Born To Be Free" by Williams.

The senior band will be augmented by the junior band in playing three selections: "Sun Carnival," "So This Is Dvorak," and "Bolero Non."

The grand finale will feature John Philip Sousa's immortal march tune, "The Stars and Stripes Forever."

The senior band will wear for the first time its new "summer whites." These uniforms were made through the courtesy of Norman Hackerman of the Middleburg Manufacturing company, and Mrs. Helen C. Lawrence, McSherrystown. Mrs. Lawrence directed a group of women in tailoring the uniforms.

The Music department of Delone Catholic high school is under the supervision of Sister Loyola, of the Sisters of St. Joseph.

Dr. Hanson

(Continued from Page 1)

a time when there was a decidedly college and non-college element in the community, and, presumably, it would be safe to say that there was a town and non-town element on the campus.

"That such feelings existed at any time appear now as incredible, for it was shortsighted on the part of whoever engaged in it and completely superficial under any close inspection. The problem—if it was a problem—was dissolved by a bigness of viewpoint and a bigness of spirit, in the manner in which superficial questions are always dissolved. The Hansons made themselves unquestionably a part of the community. We still remember the reception accorded Dr. Hanson at a meeting held in the fire engine house shortly after his arrival here.

He affiliated himself with the Chamber of Commerce, the Rotary club, and he and Mrs. Hanson identified themselves with all local worthwhile activities. Dr. Hanson became the official greeter of Gettysburg, and, on numerous occasions, took time from his busy schedule to receive visiting dignitaries, or to address a trade body or a fraternal organization holding a convention in Gettysburg.

Coined New Slogan
"He served several years as president of the Gettysburg Chamber of Commerce, and during his incumbency was the author of the slogan that was advertised to the four corners of the world—'Gettysburg, the heart of the New America.'"

"His willingness to serve as president of the Chamber of Commerce reflects, probably better than anything else, the willingness of the Hansons to serve the community whenever they were called upon and in whatever capacity they could.

"Certainly, there were no selfish motives in his accepting the Chamber of Commerce presidency. There could be no other motive than the ever-present desire to do whatever he could for the benefit of the community.

"This was the type spirit that brought the town and the college together where today they are, as one. The college now is a flourishing Gettysburg industry worth about \$2,000,000 a year to the community. The college has expanded threefold in the course of the Hanson administration, but this could not have been accomplished had the college and the community maintained an arm's-length relationship. The college could only grow in direct relationship to the willingness and ability of Gettysburg to expand its facilities, economically, civically and otherwise. Gettysburg has not failed the college and the college has not failed Gettysburg!"

Presented With Clock
"Tonight, then, in our testimonial to Dr. and Mrs. Hanson, we likewise pay tribute to the town and the college, and to their recognition of mutual interests. In doing this, we express our appreciation of the greatness of a leader who was able, by his own example, to set at rest the pettiness that occasionally manifested itself on both sides in the days gone by."

SENTIMENT
I once heard Woodrow Wilson say in an address: "Ladies and gentlemen, the great things of this life are the things of sentiment." And so they are. Sentiment softens our nature, giving to it a precious mellowness.

There are delights to sentiment, too. People speak about the sentiment behind an act or event, which aura. There are sterling strings, glamorous beauty. We treasure simple things because of the sentiment that gives to them a sacred aura. There are sterling strings, that if traced to their source, you would learn were originated in the heart, and are akin to love.

But sentiment spreads and it is forever cropping up to reveal memories, experiences, or historic instances. STEEL OWNERS BACK IN COURT FOR ORDER TO RESTORE MILLS

Washington, April 24 (P)—Private owners of the steel industry went back to the federal courts today seeking an order to force government surrender of their mills.

The action came on the heels of an order by Economic Stabilizer Roger Putnam raising steel prices about \$3 a ton—only a fourth of what the industry claimed it needs to pay for government-suggested pay boosts.

Lawyers for leading steel firms pressed for a preliminary injunction from Judge David A. Pine to end the government operation ordered by President Truman 16 days ago.

Case Strengthened
Justice Department attorneys were prepared to oppose the plea. They had successfully staved off earlier industry efforts in the courts.

The industry felt its case was strengthened, however, by the fact that the government had since plainly stated it will override industry objections and impose a pay boost for Philip Murray's 650,000 CIO Steelworkers Union members.

The U. S. Chamber of Commerce, declaring Truman violated three separate articles of the Constitution in seizing the steel plants, said the President may be "commander-in-chief," but this means command of the armed forces—not the command of the people of the United States.

MICHIGAN BOWS TO DEMANDS OF PRISON RIOTERS

By ARTHUR E. EVERETT

Jackson, Mich., April 24 (P)—Tired, trigger-tense Southern Michigan prison convicts agreed today to end a flaming four-day riot.

It cost one life and two million dollars in damage.

Their decision guaranteed the final safety of nine guards, still held as hostages by knife-wielding convict rioters in the world's largest walled prison.

With these hostages in mind, the state of Michigan humbly bowed to prison reform demands by the mutineers—and even threw in a steak dinner in the bargain.

Demand Confirmation
Even then the last 169 desperate holdouts in the prison's isolation cellblock 15 delayed final surrender. They demanded confirmation in today's newspapers of the state's agreement.

Thus their actual surrender of the grim, five-tiered cellblock with its solitary confinement holes, was not expected before Friday morning.

Gov. G. Mennen Williams gave in to the mutineers' demands, he said, "to effect the release of the hostages and the cessation of resistance."

Alleged Brutality
The convicts' complaints alleged brutality, overcrowding of the vast prison, lack of proper segregation and medical care and inadequate parole procedure among other things.

A no reprisal remand was modified by Gov. Williams to a pledge of no reprisals by guards or other personnel who operate Michigan's prisons for the state Department of Corrections.

The governor's capitulation came after tense hours when the guard's lives hung in slender balance against the mounting rage and frenzy of the convicts barricaded in cellblock 15.

Ready To Storm Cellblock
Jack "Crazy Jack" Hyatt emerged from behind-the-scenes leadership to take front-line command of the mutiny. The quick-tempered long-term convict once seized Gov. Williams at knife-point as an escape shield at another prison.

Swarms of heavily armed state troopers massed last night in the rotunda of the prison administration building. They were primed to storm cellblock 15 at the first sign that harm had befallen the dog-tired unshaven hostage-guards.

But State Police Commissioner Donald S. Leonard carefully avoided any signal that might send his troopers into a premature attack and further endanger the guards.

Thus hour after hour, the state ica" was presented by members of the Order of the Eastern Star, as a closing number the audience sang

Lind Was Against Killing Judge Bill

Washington, April 24 (P)—Ten Pennsylvania Republicans voted with the majority and four others were paired the same way as the House killed a bill to create 23 new federal judgeships.

Voting to send the measure back to committee yesterday were: Dague, Fulton, Graham, Kearns, McConnell, Hardie Scott, Hugh Scott, Simpson, Sittler and Van Zandt. Paired in favor of killing the bill were Gavin, Fenton, King and Carrigan.

Four Democratic members of the Pennsylvania congressional delegation—Barrett, Tberharter, Lind and Walter—voted against the motion. Five other Pennsylvania Democrats were paired the same way—Green, O'Neill, Granahan, Chudoff and Kelley.

In another roll call, Sens. Edward Martin and James H. Duff, Pennsylvania Republicans, voted against the Senate's sending back to its Banking committee a bill it had approved tentatively earlier to kill the Reconstruction Finance corporation. Both Duff and Martin voted for the earlier bill.

PREDICT IKE'S NOMINATION ON FIRST BALLOT

(By The Associated Press)

With Gen. Dwight D. Eisenhower's estimated 220 delegates pressing hard behind his own 239, Sen. Robert Taft said today he believes he can win the majority of the 60 GOP delegates at stake in the week ahead.

Referring to presidential preference primaries and conventions which will select delegates in Colorado, Utah, Delaware, Arizona and Arkansas, Taft said:

"We face a fight everywhere but it looks pretty good."

But Eisenhower's campaign managers were optimistic too. They predicted yesterday, in the wake of the general's victories in New York and Pennsylvania, that he will be nominated on the first ballot at the July national convention.

New York For Ike
Latest reports from New York, where Republicans on Tuesday chose 90 of the state's 96 delegates to the Chicago convention, indicated that 81 were for Eisenhower, nine for Taft. But Taft disputed this, claiming 17.

New York's state GOP committee will select six delegates-at-large May 7. All of these are expected to be for Eisenhower since Gov. Thomas E. Dewey is an Eisenhower man.

There were rumblings in the Democratic camp which gave promise of stealing some of the headlines.

Sen. Hubert H. Humphrey of Minnesota is said to be more receptive to suggestions from "numerous" friends that he seek the presidential nomination. These friends said privately Humphrey has not made up his mind, but recently has declined to say he would reject the nomination—as he had earlier.

Harriman Holds Post
And W. Averell Harriman, latest to announce for the Democratic nomination, touched off the possibility the foreign aid program may be drawn into politics by refusing to give up his post as mutual security director.

Sen. Richards (D-S.C.) of the House foreign affairs committee—a backer of Sen. Richard Russell (D-Ga.) for the Democratic nomination—said Harriman should either resign his post or drop out of the presidential race.

Harriman replied it is a "common and well-accepted practice for men holding public office in this country to seek nomination for public office."

of Michigan played cat and mouse with convicts so high strung after five days of mutiny that an auto backfire in the distance sent them into a delirium of nervous fright.

The mutiny began Sunday night in cellblock 15, where the worst desperadoes in the 6,500 man prison were serving isolation terms for defiance of prison rules.

The rebels seized 13 guards but in the next five days they let four of them go—because of age or illness or in deals for concessions from officials.

SENTIMENT
I once heard Woodrow Wilson say
in an address: "Ladies and gentle-
men, the great things of this life
are the things of sentiment." And so
they are. Sentiment softens our
nature, giving to it a precious mel-
lowness.

There are delights to sentiment,
too. People speak about the senti-
ment behind an act or event, which
aura. There are sterling strings,
glamorous beauty. We treasure
simple things because of the senti-
ment that gives to them a sacred
aura. There are sterling strings,
that if traced to their source, you
would learn were originated in the
heart, and are akin to love.

But sentiment spreads and it is
forever cropping up to reveal mem-
ories, experiences, or historic in-
stances. On St. Patrick's Day in
New York city I was amused to see
the white line on Fifth avenue, that
separates traffic, painted GREEN for
the celebration of that day! And
that was all right. There was a
sentimental reason, reminding people
of the noble Saint and his service
to humanity.

The late George Barnard, one of
America's greatest sculptors, was a
dear friend of mine. We often talked
at his studio to the small hours of
the morning. One time he went to
a drawer and drew from it a little
box in which he had a fragment of
the fallen fresco of the Sistine
Chapel done by the great Michel-
angelo. It was Barnard who was
engaged to repair this painting at
one time. As he showed me that
small fragment, so carefully pre-
served on cotton, even showing
Michelangelo's thumb print, I could
see in his eyes how full of sentiment
his heart was for that great master.

"There is something spiritually en-
livening about honest sentiment. It
snuffs out sordidness from the mind,
creates an atmosphere of kindness
and gentleness in one's nature, and
is a tribute to character. Truly the
great things of life are the things

prisons for the state Department of
Corrections.

The governor's capitulation came
after tense hours when the guard's
lives hung in slender balance
against the mounting rage and
frenzy of the convicts barricaded in
cellblock 15.

Ready To Storm Cellblock
Jack (Crazy Jack) Hyatt emerged
from behind-the-scenes leadership
to take front-line command of the
mutiny. The quick-tempered long-
term convict once seized Gov. Wil-
liams at knife-point as an escape
shield at another prison.

Swarms of heavily armed state
troopers massed last night in the
rotunda of the prison administra-
tion building. They were primed to
storm cellblock 15 at the first sign
that harm had befallen the dog-
tired unshaven hostage-guards.

But State Police Commissioner
Donald S. Leonard carefully avoided
any signal that might send his
troopers into a premature attack
and further endanger the guards.

Thus hour after hour, the state
"ica" was presented by members of
the Order of the Eastern Star. As
a closing number the audience sang
"America."

Lind Was Against Killing Judge Bill

Washington, April 24 (AP)—Ten
Pennsylvania Republicans voted
with the majority and four others
were paired the same way as the
House killed a bill to create 23 new
federal judgeships.

Voting to send the measure back
to committee yesterday were:
Dague, Fulton, Graham, Kearns,
McConnell, Hardie Scott, Hugh
Scott, Simpson, Sittler and Van
Zandt. Paired in favor of killing the
bill were Gavin, Fenton, King and
Carriage.

Four Democratic members of the
Pennsylvania congressional delega-
tion—Barrett, Tberharter, Lind and
Walker—voted against the motion.
Five other Pennsylvania Democrats
were paired the same way—Green,
O'Neill, Granahan, Chudoff and
Kelley.

In another roll call, Sens. Edward
Martin and James H. Duff, Penn-
sylvania Republicans, voted against
the Senate's sending back to its
Banking committee a bill it had ap-
proved tentatively earlier to kill the
Reconstruction Finance corporation.
Both Duff and Martin voted for the
earlier bill.

PREDICT IKE'S NOMINATION ON FIRST BALLOT

(By The Associated Press)
With Gen. Dwight D. Eisenhower's
estimated 220 delegates pressing
hard behind his own 239, Sen. Robert
Taft said today he believes he can
win the majority of the 60 GOP
delegates at stake in the week ahead.

Referring to presidential prefer-
ence primaries and conventions
which will select delegates in Colo-
rado, Utah, Delaware, Arizona and
Arkansas, Taft said:

"We face a fight everywhere but
it looks pretty good."

But Eisenhower's campaign man-
agers were optimistic too. They pre-
dicted yesterday, in the wake of the
general's victories in New York and
Pennsylvania, that he will be nomi-
nated on the first ballot at the July
national convention.

New York For Ike
Latest reports from New York,
where Republicans on Tuesday chose
90 of the state's 96 delegates to the
Chicago convention, indicated that
81 were for Eisenhower, nine for
Taft. But Taft disputed this, claim-
ing 17.

New York's state GOP committee
will select six delegates at-large
May 7. All of these are expected to
be for Eisenhower since Gov. Thomas
E. Dewey is an Eisenhower man.

There were rumblings in the
Democratic camp which gave
promise of stealing some of the
seats.

Harriman Holds Post
And W. Averell Harriman, latest
to announce for the Democratic
nomination, touched off the possi-
bility the foreign aid program may
be drawn into politics by refusing
to give up his post as mutual security
director.

Sen. Richards (D-S.C.) of the
House foreign affairs committee—a
backer of Sen. Richard Russell (D-
Ga.) for the Democratic nomination
—said Harriman should either re-
sign his post or drop out of the
presidential race.

Harriman replied it is a "com-
mon and well-accepted practice for
men holding public office in this
country to seek nomination for public
office."

Michigan played cat and mouse
with convicts so high strung after
five days or mutiny that an auto
backfire in the distance sent them
into a delirium of nervous fright.

The mutiny began Sunday night
in cellblock 15, where the worst
desperadoes in the 6,500 man prison
were serving isolation terms for de-
fiance of prison rules.

The rebels seized 13 guards but
in the next five days they let four
of them go—because of age or illness
or in deals for concessions from offi-
cials.

IKE LUNCHES WITH NATO MEN

Paris, April 24 (P)—Gen. Dwight D. Eisenhower called top men of Europe's defense system to lunch today.

Lord Ismay, secretary general of the North Atlantic Treaty organization (NATO), was among the guests at Eisenhower's headquarters near here. Others were Lord Tedder, marshal of the Royal Air Force; Lord Montgomery, Eisenhower's deputy supreme commander, and the land, sea and air commanders in chief of the Allied central European sector.

To Visit Troops

The NATO council is to meet here Monday under Lord Ismay's chairmanship. It will discuss the appointment of a new supreme Allied commander for Europe when Eisenhower leaves about June 1.

A Rome dispatch today quoted Italian sources as saying that Italy and presumably other NATO countries were being asked to express their preference between Gen. Alfred M. Gruenther, SHAPE chief of staff, and Gen. Matthew B. Ridgway, Far Eastern commander.

Eisenhower, just recovered from a severe cold, leaves Saturday for farewell visits to troops under his command.

He will visit Luxembourg Saturday and Sunday, and fly to Germany Monday to visit the British, French and U.S. zones on consecutive days.

Later he plans to visit Italy, Britain, Holland, Denmark and Norway.

Washington, April 24 (P)—The Defense Department today identified 37 additional battle casualties in Korea. A new list, No. 549, reported nine killed, 25 wounded and three injured.

ing, termed the Girl Scout leaders "workers in human clay." Urging the scout leaders to "be not discouraged, the principles you seek to instill will have their effect among your charges," Rev. Mr. Karns said. "The person you will be are now becoming, and that is true, of not only yourself but the young women whom you seek to instruct in scouting ideals. The end result of your training will appear, though you may feel that the results are not apparent immediately. Nothing happens immediately in human personality, it is a result of slow growth."

The following were elected to the board: Mrs. Richard Higinbotham, New Oxford, finance chairman; Mrs. Fred Faber, Jr., treasurer chairman; Mrs. Frederic E. Grist, Florida Dale, nominating membership; Mrs. Edwin Killalea and Mrs. Richard

Lighter, public relations; Mrs. Harvey Raffensperger, program.

Hear Annual Reports

Annual reports were presented by the following: Mrs. Harry Nichols, membership and training; Mrs. Leo McDermitt, nominating membership; Miss Sara Mehring, staff and office; Richard Higinbotham, finance; Mrs. Carroll Arter, camping; Mrs. George Eberhart, organization; Mrs. Fred Faber, Jr., public relations and Miss Rosea Armer, program.

Plans were discussed for the annual day camps next summer and for a court of awards to be held Saturday, May 17, at the Gettysburg high school auditorium at 2 p.m. It was announced that Mrs. Carolyn Malony, director of the leadership training course last week, will speak on Girl Scouting over WGET Friday morning at 10:30 o'clock and Friday evening at 6:30 o'clock. The constitution was changed to permit holding nine meetings of the county Girl Scout council per year, instead

of ten. The meeting to be eliminated was the one usually held during the summer. A Littlestown Girl Scout troop under direction of Mrs. Helwig sang several songs.

20 Complete Course

The 20 who completed the leadership training course were: Mrs. Thomas Adams, Miss Sara Mehring, Miss Rosea Armer, Mrs. Mary Kessel, Mrs. Betty Rupp, Mrs. Betty Fiedler, Mrs. Ina Forry, Mrs. John Stambaugh, Mrs. Ethel Helwig, Mrs. Edward Hughes, Mrs. Raymond Sheely, Mrs. Floyd King, Mrs. Gordon Webster, Mrs. Fred Stough, Mrs. Mary Alice Trump, Mrs. Doris Breighner, Mrs. Hilda Arter and Mrs. Dorothy Nichols.

PRISON MUTINY LEADERS SENT TO PEN IN TRENTON

Rahway, N. J., April 24 (P)—Handcuffed together and carefully guarded, 11 convicts suspected of starting the Rahway prison farm mutiny were transferred late yesterday to Trenton State prison.

A lack of segregation room was the reason for their removal, said Warden William H. Carthy.

Some 231 Rahway prisoners ended a five-day revolt late Tuesday after releasing eight guards they held as hostages.

Carthy said some of the Rahway inmates only recently had been sent from Trenton State prison, the scene of three riots within three weeks. The most recent outbreak there ended last Friday.

Started Prison Revolt

Several of the 11 transferred rebels also are believed to have started the first of the Trenton prison revolts, Carthy added.

Whisked away in a sheriff's van, the suspected riot ringleaders then were put up in their new quarters at Trenton prison, some 40 miles to the south.

Sanford Bates, commissioner of institutions and agencies, discussed the recent riots last night. He said: "At the completion of the No. 5 riot demonstration (March 30-31 in Trenton—the first of the riots) several of the ring leaders were re-

moved to Rahway and there was considerable expectation on the part of the administration that they might start trouble. It is the forcible control of these few inmates that may have touched off the demonstration (at Rahway) and given rise to the extravagant statements that 'cons were being beaten.'"

FINE IS SILENT ON RESULTS OF PENNA. ELECTION

Philadelphia, April 24 (P)—The man who could best evaluate Pennsylvania's primary election vote—Gov. John S. Fine—was maintaining a well-guarded silence today.

Fine admittedly holds the key to the 70-man delegation he will lead to the Republican National convention in Chicago this summer.

As a result of Tuesday's balloting, the 60 GOP delegates and ten delegates-at-large appear to present this pre-convention stand:

Leaning toward Gen. Dwight D. Eisenhower—20

Favoring Sen. Robert A. Taft of Ohio—18

Uncommitted—22

Those 32 undeclared delegates are controlled by Fine and no one—not even Fine himself—is saying which way they lean.

To Be Uninstructed
The Pennsylvania governor has insisted he plans to take an unplugged, uninstructed delegation to Chicago—one that would be in a position to swing its powerful block of votes to any candidate. Since the primary two days ago, Fine has studiously avoided comment on the results that saw Eisenhower pile up 347,420 popular votes to 172,829 for Taft and 121,151 for Harold E. Stassen.

The presidential preference vote in the Pennsylvania primary was not binding on the convention delegates named. The names of Stassen and Eisenhower were on the Republican ballot. All Taft's votes were written in—something the Ohioan asked his supporters not to do on the grounds the balloting meant little or nothing in the eventual convention picture.

Sources close to Fine have expressed the opinion the Pennsylvania governor would not permit the presidential preference vote influence his pre-convention thinking but others have been equally insistent that the votes rolled up by both Eisenhower and Taft would necessarily have some effect on Fine's attitude.

Taft "Satisfied"
The Eisenhower forces—led in Pennsylvania by U. S. Sen. James H. Duff and Edwin F. Russell, state chairman of the Citizens for Eisenhower—contend the general's total should be enough to convince the GOP delegates which way to vote at Chicago.

Taft—who refused to permit his name on the Republican ballot—said yesterday in Washington that he and his leaders were "quite satisfied" with the results in Pennsylvania. Taft claimed 25 of the state's 70 convention votes with 13 for Eisenhower and 32 and uncommitted.

G. Mason Owlett, national committeeman from Pennsylvania reportedly a Taft backer, described the balloting in his state only, "shadow boxing."

"The delegate situation remains unchanged," commented Owlett. "Gov. Fine holds the key."

Goes To Jail; Will Fight For Dog's Rights
Santa Monica, Calif., April 24 (P)—Dog's best friend is this man. Hugh Stanley Jennings. Twice Jennings has gone to jail for his dog, a seven-year-old Belgian shepherd named Kobe.

Kobe likes to roam. Santa Monica has an ordinance that requires dogs to be on leash. Last year Kobe made the pound because of his gypsy feet. But Jennings was equal to the occasion. He climbed into the pound and released his pet. That may have endeared him to every youngster with a dog, but the court took a dim view on his action and placed Jennings on one year's probation.

Yesterday Kobe was loose again. Today he's in the pound, but his master hasn't been able to help him because he went behind bars for violating his probation. Jennings is still fighting. He says he will challenge the legality of the leash ordinance when he appears for a hearing.

Wall street in New York city got its name because Peter Stuyvesant, early Dutch governor, had a wall built there to protect the city against expected raids by the English.

McCRORY TO ENLARGE

Wilmington, Del., April 24 (P)—The McCrory Stores Corp. plans to enlarge its outlet at Hanover, Pa. R. F. Coppedge, chairman of the corporation, announced at the firm's annual stockholders' meeting yesterday that the Hanover store would be expanded in the near future. Coppedge told the shareholders that the company's first quarter sales would compare favorably with the same period of last year.

Walking races were popular during the last half of the 19th century

FARM CALENDAR

Raise Own Heifers—Robert Olmstead, Penn State extension dairy specialist, urges dairymen to have a good breeding program in raising heifers for cow replacements in the herd.

Plan Before Planting—In home gardening, planning is just as important as planning, says Robert Fletcher, extension vegetable specialist of the Pennsylvania State college. In planning what to plant, consider the likes and dislikes of the family as well as the nutrition values of the vegetables to be planted.

Control Tulip Blight—Ferbam sprays have given excellent control of botrytis blight on tulips. Penn State extension plant pathologists suggest the first application when new growth is 3 to 5 inches high, followed by two sprays at 7 to 10-day intervals. Follow carefully directions for use of the spray.

Visiting Days Set—A schedule of visiting days at the School of Agriculture of the Pennsylvania State college has been arranged. The dates selected are: May 22, June 19, July 10 and August 20. Special programs are planned and guides will be available.

Improve Roadside Stand—Your roadside market is your showcase. Herbert McPeely, Penn State extension marketing specialist, urges cleaning up trash, painting the stand, providing a hardsurfaced parking space and planting flower beds or borders.

Paint Roofs—Paint galvanized roofs and sliding sheets at the first sign of rust. Charles Burress, Penn State extension agricultural engineer, recommends metallic zinc or an oil type aluminum paint.

A volcano often will erupt mud.

Eisenhower Still Confined With Cold

Paris, April 24 (P)—Gen. Dwight D. Eisenhower still was abed on Wednesday with a cold and throat infection and aides said it was "impossible" to ask his comment on results of the New York and Pennsylvania presidential primary elections. Maj. Gen. Howard M. Snyder, surgeon general at Eisenhower's headquarters near here, said the general's condition is improving and "we hope to get him back to his desk tomorrow."

Eisenhower has been ill since last Saturday, forcing postponement of scheduled farewell visits to capitals of northern European NATO nations.

In another development today the French cabinet voted to award the French military medal to Eisenhower.

Washington, April 24 (P)—Treasurer agents have testified that former Internal Revenue Commissioner Joseph D. Nunan, Jr., received \$161,000 between 1945 and 1949 which he either did not report on his income tax returns or could not explain.

APPRECIATION

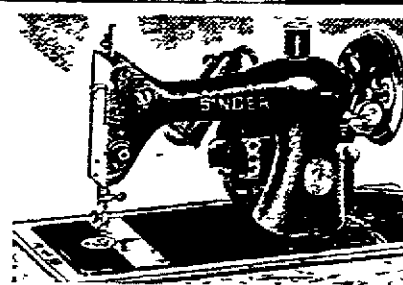

Thank you for the splendid vote given me for State Senator at the Primary Election.

I will appreciate your continued influence and support at the General Election November 4th, 1952.

McCRORY TO ENLARGE

Wilmington, Del., April 24 (AP)—The McCrory Stores Corp. plans to enlarge its outlet at Hanover, Pa. R. F. Coppedge, chairman of the corporation, announced at the firm's annual stockholders' meeting yesterday that the Hanover store would be expanded in the near future. Coppedge told the shareholders that the company's first quarter sales would compare favorably with the same period of last year.

Walking races were popular during the last half of the 19th century.

FARM CALENDAR

Raise Own Heifers—Robert Olmstead, Penn State extension dairy specialist, urges dairymen to have a good breeding program in raising heifers for cow replacements in the herd.

Plan Before Planting—In home gardening, planning is just as important as planting, says Robert Fletcher, extension vegetable specialist of the Pennsylvania State college. In planning what to plant, consider the likes and dislikes of the family as well as the nutrition values of the vegetables to be planted.

Control Tulip Blight—Fertam sprays have given excellent control of botrytis blight on tulips. Penn State extension plant pathologists suggest the first application when new growth is 3 to 5 inches high, followed by two sprays at 7 to 10-day intervals. Follow carefully directions for use of the spray.

Visiting Days Set—A schedule of visiting days at the School of Agriculture of the Pennsylvania State college has been arranged. The dates selected are: May 22, June 19, July 10 and August 20. Special programs are planned and guides will be available.

Improve Roadside Stand—Your roadside market is your showcase. Herbert McPeely, Penn State extension marketing specialist, urges cleaning up trash, painting the stand, providing a hardsurfaced parking space and planting flower beds or borders.

Paint Roofs—Paint galvanized roofs and sliding sheets at the first sign of rust. Charles Burress, Penn State extension agricultural engineer, recommends metallic zinc or an oil type aluminum paint.

A volcano often will erupt mud.

Eisenhower Still Confined With Cold

Paris, April 24 (AP)—Gen. Dwight D. Eisenhower still was abed on Wednesday with a cold and throat infection and aides said it was "impossible" to ask his comment on results of the new York and Pennsylvania presidential primary elections. Maj. Gen. Howard M. Snyder, surgeon general at Eisenhower's headquarters near here, said the general's condition is improving and "we hope to get him back to his desk tomorrow."

Eisenhower has been ill since last Saturday, forcing postponement of scheduled farewell visits to capitals of northern European NATO nations.

In another development today the French cabinet voted to award the French military medal to Eisenhower.

Washington, April 24 (AP)—Treasury agents have testified that former Internal Revenue Commissioner Joseph D. Nunan, Jr., received \$161,000 between 1945 and 1950 which he either did not report on his income tax returns or could not explain.

APPRECIATION

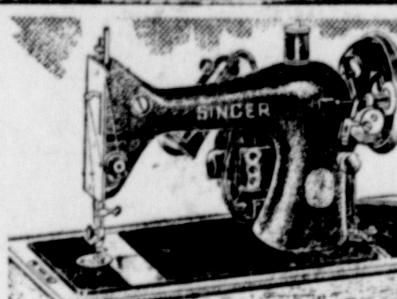

Thank you for the splendid vote given me for State Senator at the Primary Election.

I will appreciate your continued influence and support at the General Election November 4th, 1952.

By trial and error
or scientific fact

Among ancient drugs in popular use were excreta of swine, powdered horn of deer, flyspecks, and toads. Although these were somewhat repulsive and of very doubtful value, great faith was placed in their curative powers. A review of the drugs in use today would disclose many similar animal products and tissues. Examples are pituitary extract, thyroid, liver, adrenaline, insulin from the pancreas, and estrone from the urine of pregnant mares. When processed and dispensed for use, they have little resemblance to their original state. In medicine and pharmacy, trial and error is a thing of the past. The use of drugs is in strict accordance with scientific fact.

Senator Haluska Wins Renomination

Johannstown, Pa., April 24 (AP)—John J. Haluska, a stormy figure in the Pennsylvania State Senate, won a resounding victory in the Pennsylvania primary, grabbing the Democratic renomination by a better than two to one vote.

Haluska, center of a controversy over his 1951 charges of a bribery attempt, defeated his opponent, George J. Pavlick, by a vote of 12,074 to 5,747 in returns from 151 of 179 precincts.

Pavlick, Johannstown tavern operator, conceded defeat early in the vote count. Haluska took an early lead and polled 5,977 votes to 2,622 before Pavlick conceded.

John McIntire who was removed to the Warner hospital several weeks ago, for a major operation, is improving but must remain hospitalized for a time.

Lloyd M. Stevens, who has been confined to his home for most of the winter with a severe throat ailment, is now able to go out at intervals.

Finishes History of Home Town At 90

Sullivan, Me. (AP)—At the age of 90, Mrs. Lella Clark Johnson has just completed a 200-page history of the town of Sullivan.

But she isn't content to sit back now. She has undertaken a similar project to record the history of the nearby town of Steuben, where she was born on March 30, 1862.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's gives happy relief from these discomforts—helps the 10 miles of kidney tubes and filters flush out waste. 100F HISTORY OUTLINED BY YORK MINISTER

The history of the Odd Fellows in the United States was outlined by the Rev. George M. Wilt, pastor of Zion Lutheran church, York, and grand chaplain of the grand lodge of Pennsylvania Odd Fellows Monday evening at the 215th meeting of the Adams County Past Grand association held at the Littlestown Odd Fellows hall.

The Odd Fellows this year observe the 133rd anniversary of the order in the U. S. Rev. Mr. Wilt said the first lodge was formed at Baltimore April 26, 1819, by men who had been members of the Odd Fellows in England.

"We will never have a dictator as long as we have Christianity and secret fraternal organizations," the Rev. Mr. Wilt said.

Others who gave brief talks were Ray L. Hummelberger, grand master of the grand lodge of Pennsylvania and Paul S. Kleindier, District Deputy grand master for York county. The two were introduced by District Deputy Grand Master Ralph L. Guldin, of York Springs.

90 Are Present
Ninety members of the Odd Fellows and Rebekahs attended the session at which Melvin A. Miller of Sylvania lodge No. 613 presided. All five of the Adams county lodges were represented as well as lodges from York, Myerstown, Waynesboro, and Manchester, Md. In addition, 12 uniformed members of Canton No. 15 of Gettysburg were present.

Rev. Mr. Wilt gave the invocation. The address of welcome was made by Arthur E. Barr, of Littlestown, and the response by George Neely, of Valley Home lodge 714 of Fairfield.

Entertainment was provided by a stringed trio comprising Edgar Wolf, Alvin Groff, and Howard Petry, of Littlestown, and a women's quartet of Littlestown, comprising Eloise and Betty Yearl, Lydia Sentz and Mrs. Robert DeGroff. Mrs. Ernest Sentz accompanied the women's quartet on the piano.

Local barbers were among the large group of men who visited Paradise Protectors on Sunday morning to give periodic haircuts to the 100 boys who reside there.

Mumps Fell Vet Of Korean Front Duty

San Diego, Calif. (P) — The "doughnut king" of Korea, Pfc. Jack Lueken, 21, of San Diego, went unscaathed through four trips to the Korean front, but nevertheless arrived home on a stretcher.

The soldier, attached to the 24th Infantry, picked up a case of the mumps enroute back aboard a transport which docked recently in Seattle.

"They insisted I be carried off as a litter case," Lueken said, "even though I felt so glad at being back."

I could have carried the two corpsmen who were packing me."

Lueken toured the war front in a "doughnut wagon" that turned out 2,500 doughnuts at a time. He was assigned to Special Services and was master of ceremonies for Jack Benny shows in Korea.

Ancient Violin Is Still Making Music

Pasadena, Calif. (AP) — Stanley Plummer, concertmaster with the Pasadena Civic orchestra, is using a rare 207-year-old Guadagnini violin.

Plummer, also a music student at Pasadena City college, was loaned the violin by his private teacher, Vera Barstow, former concert violinist.

The instrument was made, Plummer says, in Placentia, Italy, by J. P. Guadagnini, a genuine craftsman of the 18th century.

Pet Lion Cub Grows Into Cage In Zoo

Buffalo, N. Y. (AP) — "The cub is six months old now and doesn't know its own strength."

For this reason, Mrs. Sidney Lewin thinks she made a wise decision in sending the little lion to the zoo. She said Sheba was given to her son, Donn, a professional wrestler, while he was "campaigning" in Texas in December.

Donn and his wife, Harriet, used to take Sheba out for walks on a leash. At home, the "kitten" would play with their German Shepherd dog. But Mrs. Lewin thought the cub was getting too big to play with her 18-month-old grandson.

SUCCESS WITH SWEET PEAS

Few other annual flowering plants excel sweet peas in beauty as well as volume of colorful blooms. There are numerous harmonizing and delicate shades, with many improved strains producing amazingly attractive flower shapes and sizes. Of course, the old favorites of the past are still with us.

Like most other members of the legume family of plants, sweet peas demand a deeply mellow, well drained loam in a sunny location. Hardy to withstand light frosts, they may be started as early in March as soil and weather conditions permit. In fact, many alert growers plant seeds in small fruit baskets in a warm coldframe in late February and move the plants to their growing site any time after the middle of March. Where but a few are grown, this method is a simple way to gain advantage over bad weather which otherwise might hinder seed germination during the vagaries of early March weather.

Sweet peas develop exceptionally long roots which penetrate deeply for moisture and sustenance. It is a waste of time, labor and materials to attempt to grow this flower in shallow or hard soils. Experienced growers advise the spading under to a depth of 15 to 20 inches a liberal application of well rotted, pulverized manure. Weathered cow manure gathered from a summer pasture is excellent in this role. Rich fence row loam and finely rotted compost may be added to lighten and deepen otherwise unsuitable soils, particularly in the lower or rotting stratum.

There should be no doubts about soil alkalinity. Lime should be applied in all cases where there are possibilities of acidity. This should be done in advance of planting time.

Many growers advise a few handfuls of 4-12-4 fertilizer worked into the top soil along the rows. After growth is well started, plants may be stimulated by a side dressing of nitrate of soda worked lightly into the soil so it does not come into contact with leaves, stems or roots.

This annual demands a liberal and sustained supply of moisture throughout its long season. Two

phases of soil preparation and planting merit emphasis to gain this end. First, plenty of moisture-holding organic matter is needed to the bottom of the normal rooting stratum. Next, seed should be planted in a trench somewhat lower than the surrounding area so soil may later be drawn around the growing plants to afford them a deeper position in the soil. Of course, watering immediately before and throughout the blooming period is advisable. This means a thorough soaking of the soil to a depth of 6 to 10 inches once or twice a week in dry weather and not a mere occasional sprinkling. Light or mist sprinkling may actually injure the plants.

Two steps in care demand mention. Plant lice usually attack sweet peas as soon as growth is started. They must be killed off before they become numerous and before they have weakened the tender shoots. Black Leaf 40 as a spray in soapy water is recommended, applied so all the lice are liberally coated.

Next, unless faded flowers are removed promptly to prevent seed formation sweet peas will soon cease their blooming. This attention

Asserts Russians Discovered Whitman

Moscow (AP) — It was a Russian who really discovered Walt Whitman, so says Mikhail Melesov, critic for News, the Soviet English-language magazine.

"Whitman," he said, "was still a humble clerk in Washington, a writer whose literary efforts had not yet attracted wide attention when his 'Leaves of Grass' fell into the hands of Ivan Turgenyev. Turgenyev was, of course, one of Russia's great men of letters."

"The Russian writer," said Melesov, "should not be neglected in order to bring out the maximum merits of this flower."

Seldom is seed inoculation necessary, although it may be advisable where sweet peas are grown for the first time.

Like most other members of the legume family of plants, sweet peas demand a deeply mellow, well drained loam in a sunny location. Hardy to withstand light frosts, they may be started as early in March as soil and weather conditions permit. In fact, many alert growers plant seeds in small fruit baskets in a warm coldframe in late February and move the plants to their growing site any time after the middle of March. Where but a few are grown, this method is a simple way to gain advantage over bad weather which otherwise might hinder seed germination during the vagaries of early March weather.

Sweet peas develop exceptionally long roots which penetrate deeply for moisture and sustenance. It is a waste of time, labor and materials to attempt to grow this flower in shallow or hard soils. Experienced growers advise the spading under to a depth of 16 to 20 inches a liberal application of well rotted, pulverized manure. Weathered cow manure gathered from a summer pasture is excellent in this role. Rich fence row loam and finely rotted compost may be added to lighten and deepen otherwise unsuitable soils, particularly in the lower or rotting stratum.

There should be no doubts about soil alkalinity. Lime should be applied in all cases where there are possibilities of acidity. This should be done in advance of planting time. Many growers advise a few handfuls of 4-12-4 fertilizer worked into the top soil along the rows. After growth is well started, plants may be stimulated by a side dressing of nitrate of soda worked lightly into the soil so it does not come into contact with leaves, stems or roots.

This annual demands a liberal and sustained supply of moisture throughout its long season. Two

phases of soil preparation and planting merit emphasis to gain this end. First, plenty of moisture-holding organic matter is needed to the bottom of the normal rooting stratum. Next, seed should be planted in a trench somewhat lower than the surrounding area so soil may later be drawn around the growing plants to afford them a deeper position in the soil. Of course, watering immediately before and throughout the blooming period is advisable. This means a thorough soaking of the soil to a depth of 6 to 10 inches once or twice a week in dry weather and not a mere occasional sprinkling. Hit-or-miss sprinkling may actually injure the plants.

Two steps in care demand mention. Plant lice usually attack sweet peas as soon as growth is started. They must be killed off before they become numerous and before they have weakened the tender shoots. Black Leaf 40 as a spray in soapy water is recommended, applied so all the lice are liberally coated.

Next, unless faded flowers are removed promptly to prevent seed formation sweet peas will soon cease their blooming. This attention

Asserts Russians Discovered Whitman

Moscow (AP) — It was a Russian who really discovered Walt Whitman, so says Mikhail Melesov, critic for News, the Soviet English-language magazine.

"Whitman," he said, "was still a humble clerk in Washington, a writer whose literary efforts had not yet attracted wide attention when his 'Leaves of Grass' fell into the hands of Ivan Turgenev. Turgenev was, of course, one of Russia's great men of letters."

"The Russian writer," said Melesov, "was so impressed with the poetry of the 'astonishing American poet' that he undertook the translation of several of the poems into Russian."

should not be neglected in order to bring out the maximum merits of this flower.

Seldom is seed inoculation necessary, although it may be advisable where sweet peas are grown for the first time.

RFC IS DOOMED; GIVEN REPRIEVE

Washington, April 24 (AP)—The Reconstruction Finance Corporation (RFC) was sentenced to death in the Senate yesterday and then promptly reprieved.

A bill to abolish the big government lending agency, offered by Sen. Byrd (D-Va.) but supported mostly by Republicans, was accepted on the first go around 42 to 37, to the astonishment of the Democratic leadership.

Allowed another chance under parliamentary rules, the administration scrambled frantically for votes and finally was able to switch enough senators to send the measure back to the Banking committee, 39 to 36.

The committee was instructed to bring the RFC measure back to the Senate by June 2, but some of its backers said this was meaningless because Congress would be in the last weeks of its session by that time and tied up with other business. These senators said the measure was dead this session.

Opponents of the Byrd bill had predicted in debate that the House would not pass it and that President Truman would veto it in any case.

Supporters of the move to abolish the RFC, which was set up in the 1932 depression, drew most of their arguments from last year's investigation of influence peddling in RFC loans. Opponents of the Byrd bill bore down on the argument that the RFC to make disaster loans in such areas as the flood-stricken states and to make loans to small business under the defense production act.

138 Teachers, Guests At Annual Banquet

One hundred and thirty teachers and their guests were in attendance at the annual spring banquet for the Adams county branch of the Pennsylvania State Education association held on Tuesday evening in the fire hall at New Oxford. The dinner session opened with the invocation given by the Rev. Archie C. Rohrbaugh, pastor of St. Paul's Reformed church, New Oxford. Serving as toastmaster was Frank E. Basehoar, Littlestown, president of the county branch of the PSEA, who also extended greetings to the group. Mr. Basehoar introduced J. Floyd Slaybaugh, superintendent of schools of Adams county, and Charles Raffensberger, assistant superintendent of the county schools.

Dean Asquith, president of the Upper Adams Jointure PTA, presented a report on the second annual Southern convention district conference on March 11 in Hershey. Recognition was given to retiring teachers, Miss Lottie Hulick and Miss Ella A. Miller, both of the New Oxford school. Rahway Prisoners End 5-Day Mutiny

Rahway, N. J., April 24 (AP)—Rebellious convicts at Rahway State prison farm surrendered meekly to authorities late Tuesday, ending a five-day mutiny.

The 231 rebels, who had been barricaded in a dormitory wing for almost 115 hours, gave up after freeing eight guards they held as hostages.

Unshaven and haggard, the convicts shuffled slowly in pairs out of the building from which they earlier had shouted defiance to prison authorities.

Just prior to their surrender, the rebels pulled down crudely-lettered bedsheet signs which hung outside the dormitory windows, and burned them.

Kansas City, April 24 (AP)—Flood workers build their levees higher at Kansas City today—spurred by the Missouri river's fresh destruction upstream and a continued pattern of rain. They said the extra height wouldn't be needed, but they wanted to have it—just in case. Both the nation's longest rivers spread destruction in record floods for miles along their length.

Washington, April 24 (AP)—President Truman has ruled The Netherlands can continue to receive economic aid from this country, even

though a Dutch firm has shipped strategic oil exploration equipment to Communist Poland, it was announced today.

"Cessation of aid to The Netherlands would materially weaken the whole system of defenses now being built up under the North Atlantic treaty," he told nine congressional committees. The White House made public his letter.

Jakarta, Indonesia (AP)—Indonesia's minister of health is trying to recruit 200 foreign physicians to work in this country.

Since the transfer of sovereignty scores of Dutch government doctors have returned home and the available Indonesian physicians are too few to fill the gap.

Efforts of the Indonesian high commissioner's office in The Hague have not been very successful, however, in spite of the favorable contracts offered.

So far 58 physicians have signed up. About 50 percent are Dutchmen. The rest come from other West European countries, especially Germany.

138 Teachers, Guests At Annual Banquet

One hundred and thirty teachers and their guests were in attendance at the annual spring banquet for the Adams county branch of the Pennsylvania State Education association held on Tuesday evening in the fire hall at New Oxford. The dinner session opened with the invocation given by the Rev. Archie C. Rohrbaugh, pastor of St. Paul's Reformed church, New Oxford. Serving as toastmaster was Frank E. Basehoar, Littlestown, president of the county branch of the PSEA, who also extended greetings to the group. Mr. Basehoar introduced J. Floyd Slaybaugh, superintendent of schools of Adams county, and Charles Raffensberger, assistant superintendent of the county schools.

Dean Asquith, president of the Upper Adams Jointure PTA, presented a report on the second annual Southern convention district conference on March 11 in Hershey. Recognition was given to retiring teachers, Miss Lottie Hulick and Miss Ella A. Miller, both of the New Oxford school. Rahway Prisoners End 5-Day Mutiny

Rahway, N. J., April 24 (AP)—Rebellious convicts at Rahway State prison farm surrendered meekly to authorities late Tuesday, ending a five-day mutiny.

The 231 rebels, who had been barricaded in a dormitory wing for almost 115 hours, gave up after freeing eight guards they held as hostages.

Unshaven and haggard, the convicts shuffled slowly in pairs out of the building from which they earlier had shouted defiance to prison authorities.

Just prior to their surrender, the rebels pulled down crudely-lettered bedsheet signs which hung outside the dormitory windows, and burned them.

Kansas City, April 24 (AP)—Flood workers built their levees higher at Kansas City today—spurred by the Missouri river's fresh destruction upstream and a continued pattern of rain. They said the extra height wouldn't be needed, but they wanted to have it—just in case. Both the nation's longest rivers spread destruction in record floods for miles along their length.

Washington, April 24 (AP)—President Truman has ruled The Netherlands can continue to receive economic aid from this country, even

though a Dutch firm has shipped strategic oil exploration equipment to Communist Poland, it was announced today.

"Cessation of aid to The Netherlands would materially weaken the whole system of defenses now being built up under the North Atlantic treaty," he told nine congressional committees. The White House made public his letter.

Jakarta, Indonesia (AP)—Indonesia's minister of health is trying to recruit 200 foreign physicians to work in this country.

Since the transfer of sovereignty scores of Dutch government doctors have returned home and the available Indonesian physicians are too few to fill the gap.

Efforts of the Indonesian high commissioner's office in The Hague have not been very successful, however, in spite of the favorable contracts offered.

So far 58 physicians have signed up. About 50 percent are Dutchmen. The rest come from other West European countries, especially Germany.
